Subject: Prince ADU - 1293372 - Case Conference Summary
Attachments: Adu - WCOC - SD - 6-10-2018 - 31-10-2018.pdf

Hi Joshua and David,

Hope you are both well.

Please refer to the below update for Mr Adu, we had a case conference on 5/10/2018.

Case Conference Date: 5/10/2018

Attendees: Mr Adu, Dr Zeng (NTD), Ms Wen Bi (Rehab), Ms Karen Liu (Physio)

Attached: WorkCover Certificate

CURRENT SYMPTOMS / BARRIERS:

- Mr Adu report ongoing improvement in his pain symptoms and functional capacity with treatment.
- However, treating professionals have been informed that his treatment (gym program) should be ceased.

MEDICAL MANAGEMENT PLAN:

- Dr Zeng recommended Mr Adu to continue with physiotherapy and gym program to improve strength and functional capacity.

RTW STATUS:

- Mr Adu advised he has been performing suitable duties on pre-injury hours and reported to be manageable.
- Mr Adu advised his on-site manager was happy with his performance and mentioned that he would like to keep Mr Adu at the current workplace.

RTW MANAGEMENT PLAN:

- Dr Zeng advised he was unable to upgrade Mr Adu's work capacity unless treatment will be approved.
- Dr Zeng advised Mr Adu needs gym-based program to improve his strength and functional tolerance to return to pre-injury duties, as pre-injury role require heavy lifting where his current lifting capacity is still restricted.

ACTION PLAN:

- EML to review treatment referral and advise of approval.
- Future Fit to liaise with Mr David to discuss potential suitable employment at Smithfield.

Thank you.

Kind Regards,

Wen Bi
