Subject: Hi there Its Nicholas Abboud from Cumberland ford blacktown and i would like to please make a complaint

This is about too separate people in the workshop, first of all hardick one of the mechanics is allways getting into everyone's business and wanting fo know everything about everyone, and his always acting like the workshop manager and is always wanting to know about my private life out of work.

The 2nd person is sunny he is always saing im fat which i know i am so im trying to loose weight but his always saying that im getting bigger and that i need bigger shirts and is always making fun of me being fat, and his always taking sides of his mates in the workshop.

I just want all of this to end because its been happening for a long time and ive been putting up with it and ive just had enough of it and i just want it to end.

Thank you
Sincerely, nicholas abboud
