Spoke to John at 12.10 pm on 12.11.18 and John said words to the effect of:

Last Saturday afternoon I left at around 5.20 pm. I was aware there was a used car customer in Renault with Michael (in the Renault showroom) but could not stay back that evening as I had to go to a family get together at 6.30 pm. At around 5.20, I locked the front door and the gate on Victor avenue. The gate on Hoyle was unlocked as I never lock it. That is Isuzu and Renaults department. I then switched on the alarm in the service department but left the showrooms un-armed.

I spoke to David Moor when I was leaving and he said he would stay back and lock up. I thanked him and left for the evening. David has a code and key and it's not uncommon for this to occur.

I don't recall any discussions with Glen or Chris that evening when I was leaving.

The next day, I got to work 5 minutes late. As I walked out of the kitchen (having put my lunch away) I saw Chris standing in the hallway outside his office. He was yelling at me from across the reception area saying words to the effect of "I am a fucking disgrace, I am a fucking useless sales manager" and kept swearing at me and accusing me of locking him in the night before. At no time did I swear back at him.

I told him David Moore was still here and the Renault gate was open. He knew there was a customer next to him as he was outside of Glen's office. He kept yelling at me. This went on for a few minutes. Glen came out and said please keep your voices down because there was a customer here.

Shortly after, Ali from Renault came over and I told him 4 times to leave. I admitted swore at him at that point. I did not swear at Chris or Glen however I do acknowledge we were yelling and talking loud while a customer was here.

Dean then told me he got a call from Victor and asked what was going on.

An hour later, I saw Chris outside the NC Sowroom and he was still making disparaging comments towards me. I told him again I did not lock him in but I don't think he believed me.

Later in the afternoon, Ali and I met in my office and said we should discuss this as we are grown men. I apologised to him for using profanities at him.

Regards.
